

Erasmus+, Razpis 2018

Projekti mobilnosti v visokem šolstvu s partnerskimi državami (KA107)

Zakaj sodelovati?

- da bi podkrepili izvajanje vaše institucionalne strategije internacionalizacije, ki pa je usklajena tudi s cilji programa Erasmus+
- da bi okrepili mednarodno sodelovanje in sodelovanje s partnerskimi institucijami v partnerskih državah,
- z izvedbo aktivnosti skrbite za dotok novega znanja, veščin ter s temi aktivnostmi razvijate medkulturne kompetence,
- ker je kreditna mobilnost odlična podlaga za strateško sodelovanje,
- ker ste visokošolska institucija zavezana h kakovosti in je mednarodno sodelovanje ključnega pomena

<p>Quality of the activity design and implementation (maximum 20 points)</p>	<p>The completeness and quality of arrangements for the selection of participants, the support provided to them and the recognition of their mobility period (in particular in the Partner Country).</p>	<p>The evaluator will assess the planned practical implementation of the mobilities, in particular:</p> <ul style="list-style-type: none"> a) The clarity, completeness and quality of all the phases of the mobilities (preparation, implementation and follow-up). b) The appropriateness of measures for selecting participants. The evaluator will consider the dissemination activities described and the channels mentioned for this. c) The strategy for monitoring and evaluating the outcomes of the mobility: how will the outcomes be measured and evaluated by the applicant and its partner(s) to know whether they have achieved the desired and expected impacts. d) The stated impact should be assessed considering the number and type of activities planned.

Relevance of the strategy

30 PTS

"Explain why the planned mobility project is relevant to the **internationalisation strategy** of the higher education institutions involved (both in the Programme and Partner Country). Justify the proposed **type(s) of mobility** (students and/or staff)."

DO

- ✓ **Explain why you want to foster mobility.**
Attract talent? Research purposes? Opportunities for staff development? Etc.
- ✓ **Explain the preference given to a certain region/country.**
Is there any institutional policy favouring the cooperation with this region/country? Is there particularly strong faculty cooperation with a specific HEI?
- ✓ **Explain why the mobility project is relevant to your institution's internationalisation strategy.**
Does your internationalisation strategy focus on building partnerships in education, innovation and research? Is the choice of the partner institution made for strengthening cooperation? How?
- ✓ **Explain why the planned mobility project is relevant to the internationalisation strategy of the partner institution(s).** Please contact your partner(s) to find out.
- ✓ **Try to provide 'quantifiable information' on the profile of selected partners.**
Size and influence in a particular area? Complementarity of faculties/departments involved? Similarity of study programmes?
- ✓ **Try to distinguish the specific aims for choosing mobility of students and/or staff.**
Do you need to strengthen the partnership before sending students? Build mutual trust? Ease the recognition process? Staff mobility might be the way to start.
- ✓ **Keep it short and simple, but make sure that you get all your points across.**

In case of new cooperation agreements, also:

- ✓ **Explain why building cooperation with a new region/country is relevant for all the institutions involved.**
Diversification of your AND your partner's internationalisation strategy?
- ✓ **Explain the complementarity of your and your partner's institutions.**

DON'T

- ✗ Do not be too generic in your answers.
- ✗ Do not target cooperation with each and every possible Partner Country, as budget is limited for International Credit Mobility. In 2015, the average number of Partner Countries in applications was 4 or 5.
- ✗ Do not focus only on your home institution, but describe what is in it for your partner and what the common benefits are. Refer to strategies in the Partner Country.
- ✗ Do not provide the same justification for the choice of different Partner Countries. Although you might have a largely similar reason for picking partners in the same country/region, benefits will vary depending on the institution. Be sure you make that clear in your description (e.g. by emphasising the differences).
- ✗ Do not copy-paste. If some parts of your answers are the same for each Partner Country or institution, answer them only once and refer to your first answer throughout the application.

November 2015

Quality of the cooperation arrangements

30 PTS

"Detail your **previous experience** of similar projects with higher education institutions in this Partner Country, if any, and explain how, for the planned mobility project, **responsibilities, roles and tasks** will be defined in the **Inter-institutional Agreement**."

DO

- ✓ **Explain the division of competences which has been agreed with your partner, as outlined in the Inter-institutional Agreement.**
Who offers which courses and when? Who provides support for visa/insurance/accommodation? Who is in charge for the selection and/or evaluation of participants? What will the students/staff have to do? Etc.
- ✓ **Detail how the finances will be split between you and your partner, if applicable.**
Will you share the Organisational Support grant? Will you provide funds in addition to the EU grant?
- ✓ **Explain how communication channels will work between you and your partner.**
Who is responsible for the paperwork? How will you monitor and report on the mobilities? Beware that you will have to report on mobilities in the EU's Mobility Tool+ on a monthly basis.
- ✓ **Make sure that you and your partner have the financial and operational capacity to carry out these activities.**
- ✓ **Explain similar previous experience and what this means for future cooperation.**
If you have previous experience with institutions in the Partner Country chosen, explain how this application builds on and enhances existing partnership arrangements?

In case of new partnerships, also:

- ✓ **Explain how previous international cooperation experience will be used to develop new partnerships.**
- ✓ **Provide information about your institution's experience in implementing credit mobility in general (between Programme Countries or between Programme & Partner Countries).**

DON'T

- ✗ Do not assume that because you have previous experience, you do not have to explain how your project will work in future.
- ✗ Do not talk about cooperation arrangements only from your point of view. Explain what the partner institution will be doing.
- ✗ Be careful not to give the same information as in part 3: Quality of the project design and implementation, where you will be able to further develop the actual project implementation (in particular selection, support and recognition).
- ✗ Do not copy-paste.

30. obletnica programa Erasmus+

- V letu 2017 praznujemo 30. obletnico programa Erasmus – v Sloveniji smo v programu začeli sodelovati leta 1999
- Slovenski obrazi in ambasadorji programa Erasmus+ - uspešne zgodbe

Sporočite nam svoje + programa Erasmus+

Maja Makovec Brenčič – 47 – Slovenija
Vedenje potrošnikov – mreža Erasmus
Sodelovanje univerz iz 30 držav, 2009–2012

Ko je bila Maja profesorica mednarodnega poslovanja in mednarodnega trženja, je sodelovala v raziskovalnem projektu, ki je vključeval širok nabor evropskih izobraževalnih ustanov. Teme: kako medkulturna vprašanja vplivajo na vedenje potrošnikov? Sodelovanje je bilo zelo plodno in vzpostavila se je živa mednarodna akademska mreža. Nič čudnega torej, da vsem študentom toplo priporoča, naj vstopijo v program Erasmus+. Maja je bila proročnica Univerze v Ljubljani in predsednica Sveta Nacionalne agencije Republike Slovenije za kakovost v visokem šolstvu. Trenutno je ministrica za izobraževanje, znanost in šport.
